

Gippsland PHN Strategic Directions

An Australian Government Initiative

Our core functions:

Health planning

We gather data to determine the unique health priorities of our region.

Commissioning services

We direct funding to health priorities.

Practice support

We support general practice and other health professionals.

System integration

We work with health professionals to create efficiencies and connectedness in our health system.

Our vision: a measurably healthier Gippsland

Our objectives:

Better care. Better health. Better value.

- Improved health outcomes for people with chronic disease and those patients at risk of poor health outcomes
- Improved coordination of care that ensures patients receive the right care in the right place at the right time
- Lower prevalence of national and locally prioritised conditions
- Increased efficiency and effectiveness of medical services and other primary health services

Our principles:

- A long-term, whole-system perspective
- Performance, efficiency and value
- Leading innovation and evidence-based practice
- Collaborative local leadership
- Equitable access
- Consumer self-determination and empowerment

Our values:

- Community-centered
- Ethical and respectful
- Innovative
- Accountable
- Quality
