

## EXPRESSION OF INTEREST - DEMONSTRATION

General Practitioners are expected to manage a wide range of health conditions. To do so effectively requires detailed knowledge not only about a patient's condition but also about the local health system.

HealthPathways Gippsland is designed by practitioners, for practitioners, to assist them in managing a range of health conditions. The system is based on a web-based portal for practitioners to use at the point of care.

Gippsland PHN is offering in-practice visits as a one to one option or as a presentation to all the practice team.

Benefits of the visit:

- ✓ Provide a brief overview of the web portal
- ✓ Improve health outcomes by giving patients access to the right care at the right place at the right time
- ✓ Give feedback in the development of resources for GPs
- ✓ HealthPathways will assist practice in meeting the following RACGP Standards for Accreditation:
  - Criterion 1.6.1 Engaging with other services.
  - Criterion 1.4.1 Consistent evidence based practice.

To register for a visit please provide your details and fax to: 5126 2890

Visit duration is 20 minutes.

Contact person: \_\_\_\_\_ Practice name: \_\_\_\_\_

Preferred time/s: \_\_\_\_\_

Preferred day/s:

Monday     Tuesday     Wednesday     Thursday     Friday
